AMT Award Listing

Training Document

Homepage	EDA	Award Management Team	Search Listings

Table of Contents

Overview	An AMT Award Listing is the resulting team of cognizant personnel returned when you search by either Award/Order Number or by CAGE Code.
Roles	Roles with the ability to access **AMT Award Listings**: • AMT Mapping Managers • AMT Viewers *NOTE: If the user conducting the search is a Vendor, they are only able to see mappings associated with the CAGE Code they entered during registration.*
AMT Search Listing	Select the Search Listing option in the navigation panel to begin. **AMT Award Listing Search Process:** 1. Log in to Procurement Integrated Enterprise Environment (PIEE) Application (**https://piee.eb.mil/**). 2. Access the Award Management Team (AMT) system by clicking the **'EDA'** icon. 3. Select **Search Listing** under the AMT navigation section. 4. Select the desired search type from the Search Type dropdown; enter additional Search Criteria and click the **Search** button. 5. Search Results display on a new page. To begin a new search, select the back button. **Search Listings** The AMT Search Listings page is used to search for current AMT Award Listings. *Search Listings - Search Criteria:* • Search Type * 　(*Fields display when the following is selected for Search Type: Award Number Search*) 　○ Award Number * (*13-character alphanumeric code. No special characters allowed.*) (*NOTE: An FPIID (13-character alphanumeric code with "F" in the 9th position) may be entered in the Award or Order Number field when accompanied with a base award entry into the Award Number field.*) (*NOTE: Award Number Lookup is available via the magnifying icon*) 　○ Order Number (*Four-character alphanumeric code*) (*NOTE: An FPIID (13-character alphanumeric code with "F" in the 9th position) may be entered in the Award or Order Number field when accompanied with a base award entry into the Award Number field.*) 　(*Field displays when the following is selected for Search Type: CAGE Code Search*) 　○ CAGE Code * (*Five-character alphanumeric code*) (*NOTE: CAGE Code Lookup is available via the magnifying icon*) *Button(s):* • Search
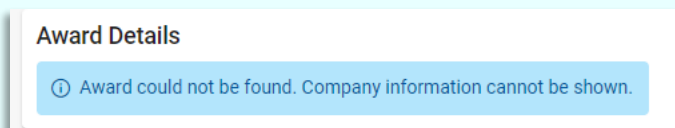

- Reset
- Bookmark

Enter the Search Criteria and select Search.

NOTE: *At least one search criterion is required to perform a search.*

If the user tries to search on an Award Number or CAGE Code that the system doesn't recognize as valid or doesn't meet the code criteria, the search results page appears blank, and the user will receive an error message.

CAGE Code Lookup

Within AMT, there are certain functionalities that require the entry of a CAGE Code. In the CAGE Code fields, there is a CAGE Code Lookup function that is accessed via the magnifying glass icon at the end of the field.

Users can search for CAGE Codes by entering search criteria into the CAGE Code Lookup pop-up and selecting the **Search** button.

CAGE Code Lookup - Search Criteria:

- DCMA DoDAAC (*Six-character alphanumeric code*) (*Field searches as Starts With and a minimum of three characters must be entered*)
- CAGE Code (*Five-character alphanumeric code*) (*Field searches as Starts With and a minimum of one character must be entered*)
- Company Name (*Field searches as Contains and a minimum of three characters must be entered*)

CAGE Code Lookup – Search Results:

- CAGE Code (*NOTE: Field is hyperlinked, when clicked the modal closes and the CAGE Code field on the Search Listing screen auto-populates*)
- Company Name
- CASD DoDAAC
- City
- State
- Country

⟲ Refine Search   🔍 New Search

NOTE: For DCMA, SDW is the prioritized data source. The system first searches SDW for the contract, if it is not found, the system then searches EDA. If one of the data sources contains the contract, but not all the field data, then those fields are left blank. If neither SDW or EDA has the searched contract, then the sections will appear blank, and a warning message appears.

In the populated field, enter specific criteria to further narrow the returned search results. Additionally, the search results can be ordered based on these columns. Select the two arrows next to the column title to change the field order to ascending or descending. Selected columns are numbered in the order in which they were selected, with an arrow next to the title noting whether the order selected is ascending or descending. To select more than one column, hold the Control button and select additional columns.

NOTE: If the CASD CAO associated with the mapping searched is a DCMA DoDAAC, then the CASD Members tab does not display.

NOTE: If no mappings exist for the DoDAAC associated with the entered search criteria, then a warning message will appear stating, "No CASD mappings found. Members displayed are derived from Home Organization DoDAAC in the PIEE Profile." An Admin Members sub tab displays.

NOTE: If no CASD Mappings are found and there are no active members associated with the Home Organization DoDAAC a warning message stating, "No CASD mappings found. No active members from Home Organization DoDAAC in the PIEE profile" displays.

If no CASD Mappings are found, then member information derived from their Home Organization DoDAAC in their PIEE profile is displayed.

CASD Member Sub-Tab:
(*Section displays when no mappings are found associated with the CASD*)
- Name
- Warrant Information?
- Job Series
- Office Symbol
- Email (*NOTE: User email addresses in the Email column are hyperlinks that, when clicked, populate an email with the selected user's email address already in the "To" field.*)
- Phone Number

Button(s):
- Export
- Clear

NOTE: Name, Warrant Information?, Job Series, Office Symbol, Email, and Phone Number allow for filtering against search results. Select the filter symbol next to the column. In the populated field, enter specific criteria to further narrow the returned search results. Additionally, the search results can be ordered based on these columns. Select the two arrows next to the column title to order the results from top to bottom or bottom to top. Selected columns are numbered in the order in which they were selected, with an arrow next to the title noting whether the order selected is ascending or descending. To select more than one column, hold the Control button and select additional columns.

Vendor:

- Name
- Source
- Email (*NOTE: User email addresses in the Email column are hyperlinks that, when clicked, populate an email with the selected user's email address already in the "To" field.*)
- Phone Number

Button(s):

- Export

- Clear
- Back

The Individual Awards Associated to CAGE Code record data is pulled from both EDA and SDW. The system first looks at the data in EDA and if no applicable records are found, the system then pulls data from SDW.

NOTE: The Individual Awards Associated to CAGE Code section is collapsed by default and must be expanded to view records.

NOTE: Award Numbers in the Individual Awards Associated to CAGE Code are hyperlinks. Select the desired Award Number and the [Award Details](#) and [DCMA Members](#) table populates.

NOTE: Award Number, Order Number, Issue DoDAAC, Admin DoDAAC, and Payment DoDAAC allow for filtering against search results. Select the filter symbol next to the column. In the populated field, enter specific criteria to further narrow the returned search results. Additionally, the search results can be ordered based on these columns. Select the two arrows next to the column title to change the field order to ascending or descending. Selected columns are numbered in the order in which they were selected, with an arrow next to the title noting whether the order selected is ascending or descending. To select more than one column, hold the Control button and select additional columns.

Additional Information

Export	CAGE Code Listing Results, Individual Awards Associated to CAGE Code, and DCMA Members tables are exportable to Excel. To download a specific table, locate the **Export** button at the top right side of the section. Click **Export** and the files appear at the top of the browser within the **Downloads** dropdown.

	AMT Mapping Description:		
	Mapping Level	*Mapping Name*	*Mapping Description*
AMT Mapping Types	1	Exact Award / Order Number	Maps AMT personnel to a specific award/order. This allows for a large award or award with special personnel needs to have a unique support AMT. If an award is entered without an order, the AMT Search Results will display only mappings of awards without an order.
	2	Partial Award Number and CAGE Code	Maps AMT personnel to an award and all of its orders for a specified CAGE Code. This allows for a delivery order vehicle to have the same support AMT regardless of order, or to set up a mapping for all the awards with the same Issue By DoDAAC (first six characters of the award), and limits returns to a single CAGE.
	3	Partial Award Number and DoDAAC	Maps AMT personnel to all orders on a given award. This allows for a delivery order vehicle to have the same support AMT regardless of order number or to set up a mapping for all the awards with the same Issue By DoDAAC (first six characters of the award), and limits returns to a CMO DoDAAC.
	4	ACO Code and CAGE Code	Maps AMT personnel to all awards assigned to an ACO code for one CAGE Code. This provides for the case of a large CAGE Code split between multiple support AMTs based on the ACO code assigned in MOCAS and the CAGE Code of the award.
	5	CAGE Code	Maps AMT personnel to all awards for a CAGE Code. This allows for all awards for the same CAGE Code to have the same support AMT.
	6	ACO Code	Maps AMT personnel to all awards assigned to an ACO code. This allows for all awards for the same ACO code to have the same support AMT.

7	DoDAAC	Maps AMT personnel to all awards assigned to a DoDAAC. This could potentially be different from the Administered By DoDAAC as specified in MOCAS (i.e. as is the case for Pay Only awards whereby MOCAS pays the award, but it is not administered by DCMA). This allows for all awards for the same DoDAAC to have the same support AMT. At a minimum, the roles for ACO, QAR, ENG, and IS must have personnel mapped at the CMO DoDAAC level, as well as the PA, SS, SP, EVS, and AO functional roles.
Functional Roles	The list of functional roles is agency centric and is subject to frequent changes within the application. **How to Locate the Functional Role List:** 1. Log in to Procurement Integrated Enterprise Environment (PIEE) Application (https://piee.eb.mil/) 2. Click the **My Account** button in the top left corner of the screen. 3. On the populated page, in the Profile section, select **My Functional Roles.** 4. **My Functional Roles Maintenance** page populates. 5. The list of Functional Roles is available.	
Job Series	The job series is a list of roles within PIEE that are associated with specific codes. Users must select their job series when registering in PIEE and their selected job series is available to view and change in the User Maintenance section of their profile. The list is subject to change and the values are displayed in AMT are pulled from the profile selection and displayed in the system as a convenience. **How to View the Job Series:** 1. Log in to Procurement Integrated Enterprise Environment (PIEE) Application (https://piee.eb.mil/) 2. Click the **My Account** button in the top left corner of the screen. 3. On the populated page, in the Profile section, select **User**. 4. **User Maintenance** page populates. 5. The **Job Series** field is available; the drop-down shows all job codes on the list.
