Load Commercial Catalog/Price List

Reference Guide

|	
User Types	User types with the ability to load Commercial Catalog/Price List in EDA • Vendor
User Roles	Roles with the ability to load Commercial Catalog/Price List in EDA • WAWF Vendor
Load Commercial Catalog	Vendor users have the ability to load a Commercial Catalog or Price List in EDA within their CAGE code. Validations of uploaded files may be viewed by searching for the Catalog or Price List in the Commercial Catalog Data Search. 1. Use the Browse button to select a file from the local directory to load the Commercial Catalog or Price List. The maximum file size allowed is 1.9GB. A confirmation will be displayed upon successful upload. 2. Select the Search Commercial Catalogs button to navigate to the Commercial Catalog Search page.
Commercial Catalog/Price List Validations	Refer to the following validations to ensure the XML file conforms to system requirements. **Upload new Document – Successful upload** GIVEN that I am a Vendor User WHEN I need a new commercial catalog, commercial catalog with price list, or price list XML in EDA AND seller cage code matches vendor cage code THEN I can upload the file and send it to GEX for validation **Upload Existing Document- File must be in XML format** GIVEN that I am a Vendor User WHEN I attempt to upload a file that is not in XML format

THEN I get a message that the "Invalid File Type – Please select an XML file to upload" and the upload does not occur

Upload Existing Document- File may not exceed 1.9GB
GIVEN that I am a Vendor User
WHEN I attempt to upload a file that is not in XML format
THEN I get a message that the "File is too large – Please select an upload file that is 1.9GB or less" and the upload does not occur

Upload Existing Document- Document must be unique
GIVEN that I am a Vendor User
WHEN I attempt to upload a document that already exists
THEN I get a message that the "Unable to upload Document - Document has already been loaded" and the upload does not occur

Vendor Cage Code Validation – Seller's CAGE must match Vendor's CAGE
GIVEN that I am a Vendor User
WHEN I attempt to upload an XML document that has a different seller cage than the one associated with the Vendor User
THEN I get a message that the "Unable to upload Document - Seller Cage Code does not match Vendor Cage Code" and the upload does not occur

Price List loaded prior to Catalog - Represented Price List Associated Catalog must exist
GIVEN that I am a Vendor User
WHEN I attempt to upload an XML document that has a Represented Price List that references a Catalog that has not been uploaded
THEN I get a message that the "Unable to upload Document - Catalog(s) must exist in the system prior to Price List upload"
"Followed by list of Catalogs" and the upload does not occur

Invalid XML Rejections - Update only must not be populated
Given that I am a Vendor User
WHEN I attempt to upload an XML document where the update only filed is populated
THEN I get a message that the "Unable to upload Document – Updates will be supported at later date" and the upload does not occur

Invalid XML Rejections - Represented Catalog/Price list must not be missing
GIVEN that I am a Vendor User
WHEN I attempt to upload an XML document that does not have a represented Catalog, represented Price List or Represented Catalog with Price list
THEN I get a message that the "Unable to upload Document - No Represented Catalog, Represented Catalog With Price List, or Represented Price List Identifier was provided in upload file" and the upload does not occur

Invalid XML Rejections – Must not be more than one Represented Catalog/Price
GIVEN that I am a Vendor User
WHEN I attempt to upload an XML document that has more than one of the following represented Catalog, represented Price List or represented Catalog with Price list
THEN I get a message that the "Unable to upload Document – More than one Represented Catalog, Represented Catalog With Price List, or Represented Price List Identifier was provided in upload file" and the upload does not occur

Invalid XML Rejections - Missing CAGE must be present
GIVEN that I am a Vendor User
WHEN I attempt to upload an XML document that is missing seller cage

THEN I get a message that the "Unable to upload Document – No Seller Cage Code was provided in upload file" and the upload does not occur

Invalid XML Rejections - Represented Price List must include Catalog Reference
GIVEN that I am a Vendor User
WHEN I attempt to upload an XML document that has a Represented Price List that does not have a Catalog that Price List Applies to
THEN I get a message that the "Unable to upload Document – Represented Price List must include a Catalog That Price List Applies To Identifier in the uploaded file" and the upload does not occur
