Roles

The **administration** role(s) required to view property documents in GFP:

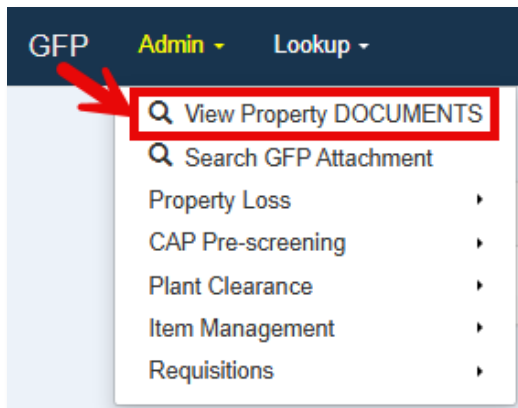

- GFP Group View All
- GFP System Administrator (SAM)

Navigation

Log in to PIEE and open the **GFP** module.

From the navigation bar, hover over the **Admin** drop-down menu and select **View Property DOCUMENTS**.

The **WAWF – WAWF PMO (WAWF PMO Personal Only) – View Government Furnish Property Documents** page appears.

NOTE: While this guide uses the System Administrator (SAM) role for its screenshots and instructions, the process is identical for GFP Group View All users.

Search Criteria

The **View Government Furnished Property Documents** page provides several optional fields to help find specific property documents.

Search Criteria Fields:

The **GFP System Administrator – Property Transfer Receipt Document (DoD to Contractor)** page shows the property document in read-only format.

The page is divided into following collapsible sections:

- Document Information
- Line Item Information
- UID Information (*only appears when items are managed by their Ull*)
- Line Serial Managed Information (*only appears when items are managed by their serial number*)
- Address Information
- Misc Information
- Workflow Information

NOTE: This guide focuses on the general workflow for viewing a property document. The screenshots and fields shown do not reflect every property document, as the actual content may vary substantially based on its origin, destination, status, and item management type. For a complete explanation of all property document attributes, refer to the trainings found in the "Property Transfer" section on the [WBT GFP](#) page.
