GFP Roles

The ability to create a Repair Item Action Report is available for the following roles within GFP:

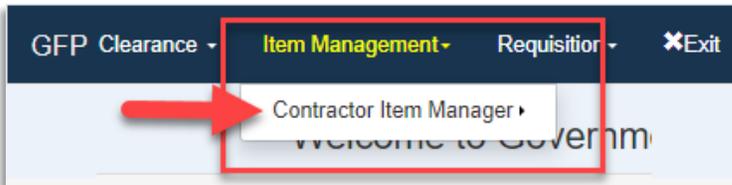

- Contractor Item Manager
- Government Supply Planner

Log in to PIEE as a Contractor Item Manager or a Government Supply Planner and select **GFP**.

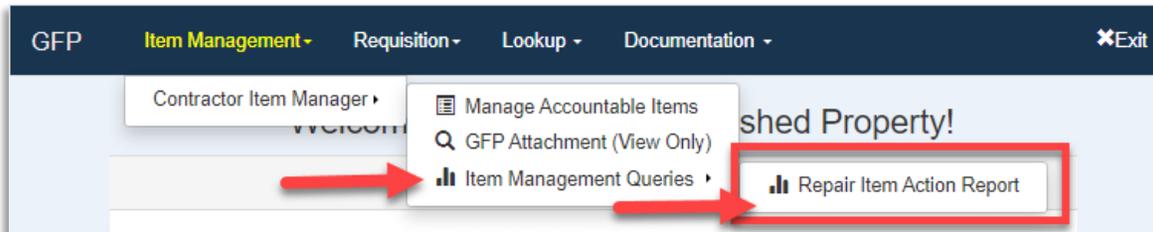

On the GFP Welcome page, if logging in as a **Contractor Item Manager**, select the Item Management menu and click on **Contractor Item Manager**.

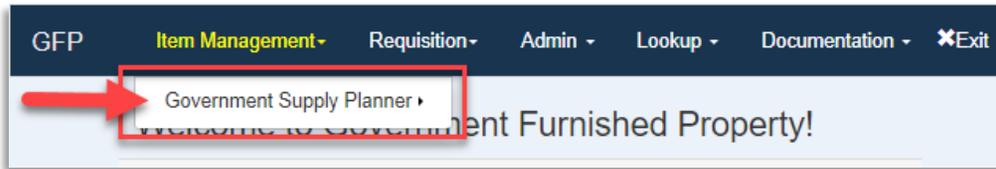

Navigation

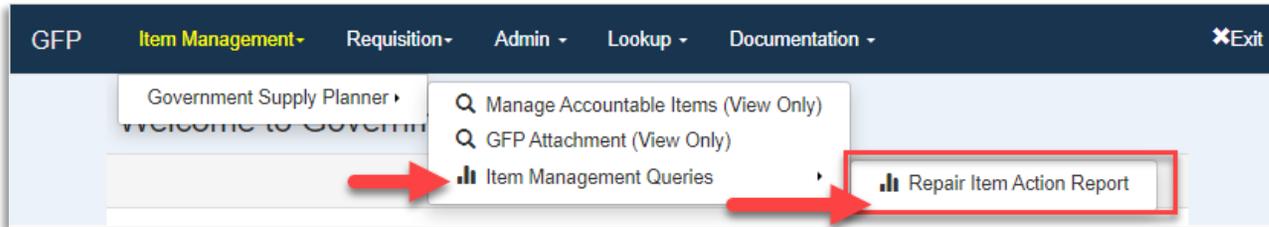

Then select **Item Management Queries** and click **Repair Item Action Report**.

If logged in as a Government Supply Planner, select the **Item Management** menu and click **Government Supply Planner**.

Then select the **Item Management Queries** menu and click **Repair Item Action Report**.

To create a Repair Item Action Report, fill in one or more of the mandatory fields on the Repair Item Action Report page and then click **Run Query**.

Create Repair Item Action Report

Contractor Item Manager - Item Management Queries - Repair Item Action Report

Contract Information

Contract Number † Order Number CAGE Code †

Contractor DoDAAC †

Item Information

National Stock Number Manufacturer CAGE Part Number Model Number

Item Name Item Description

Unique Item Identifier (UII) Item Serial Number Record Control Document Number
