1. All folder contents, including a list of all approvers, can be exported to a spreadsheet by selecting the **Export** button.

- Requests with multiple approvers will include links within the Approver Name and Approver Email columns. To view
  additional approver information, select the +[number] more link. A modal will display with a list of all approvers who
  have taken action on the request.
- 3. To view further details of a Contractor DoDAAC Request record, select the **View** button in the Actions column.

## Approving/Rejecting DoDAAC Purpose Code Update Requests

PCM PMO users may approve or reject DoDAAC Purpose Code update requests. Upon opening a DoDAAC Purpose Code update request, the request details are displayed with options for approving or rejecting the request.

Flag (Purpose Code) Start Date					
Flag (Purpose Code) End Date	2021-12-09				
CGAC	017
