Step 6

Solicitation Manager selects the Offer tab to view the offers submitted against the solicitation. For each offer, the Solicitation Manager can indicate the offer is within the competitive range by selecting the Proposal Within Competitive Range checkbox.

Step 7

Indicating an offer is within the competitive range makes the offer editable for the vendor so they can post a revised offer based on the discussions. Any offer not marked as within the competitive range will not be editable, thus preventing the vendor from submitting a revised offer. Mark all applicable offers and then return to the Solicitation tab to provide the due date for the revised offers.
