

Intro

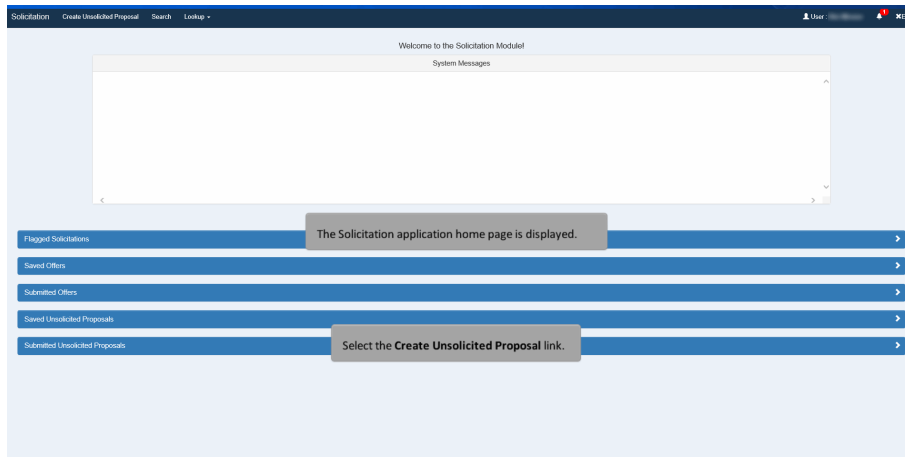

Welcome to Procurement Integrated Enterprise Environment (PIEE). This demonstration contains audio narrative. Please adjust your volume accordingly.

Scene 1

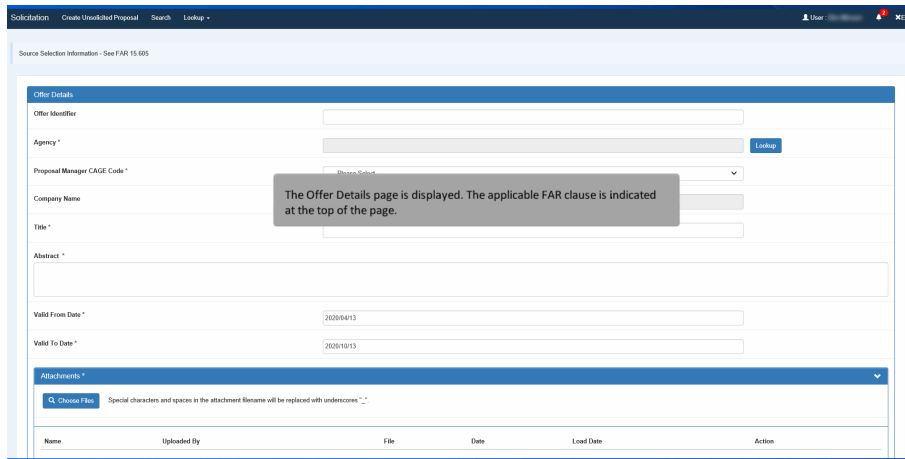

This is an overview of a Proposal Manager posting an unsolicited proposal to the Solicitation portal. On the PIEE portal, select the Solicitation application icon.

Scene 2

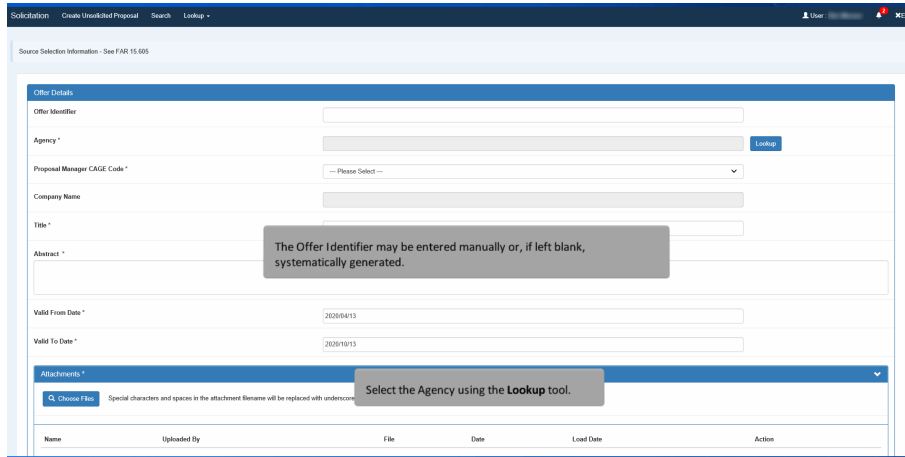

The Solicitation application home page is displayed. Select the Create Unsolicited Proposal link.

Scene 3

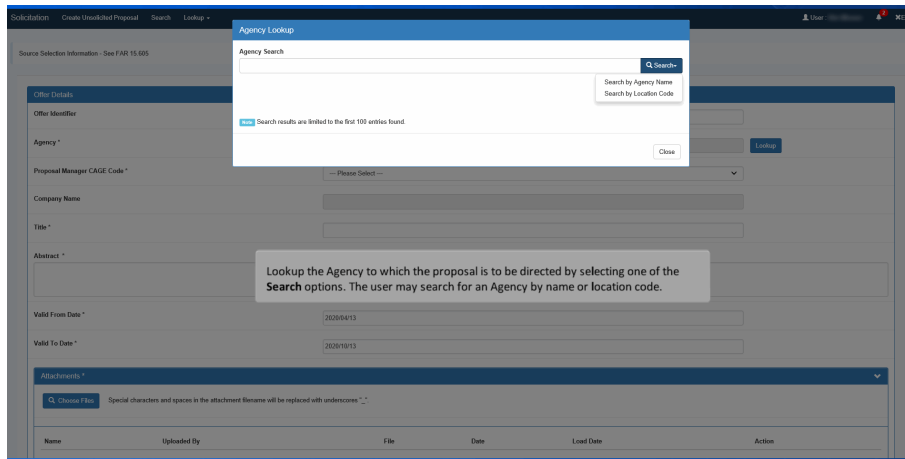

The Offer Details page is displayed. The applicable FAR clause is indicated at the top of the page.

Scene 4

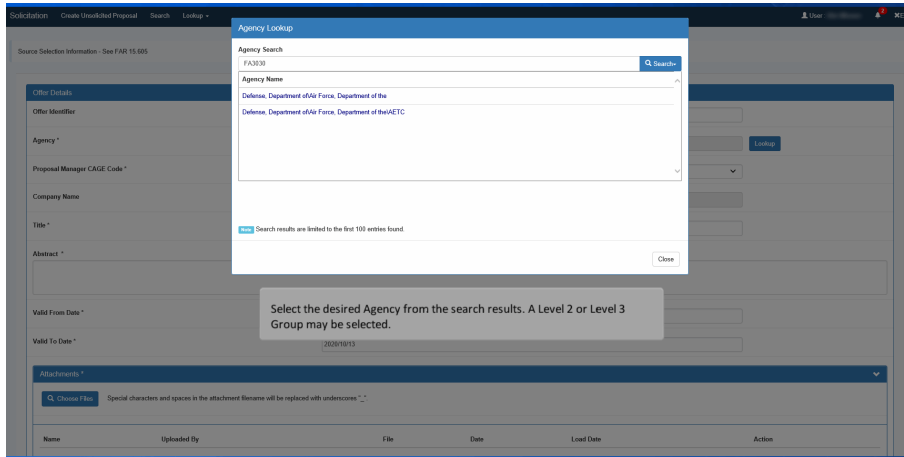

The Offer Identifier may be entered manually or, if left blank, systematically generated. Select the Agency using the Lookup tool.

Scene 5

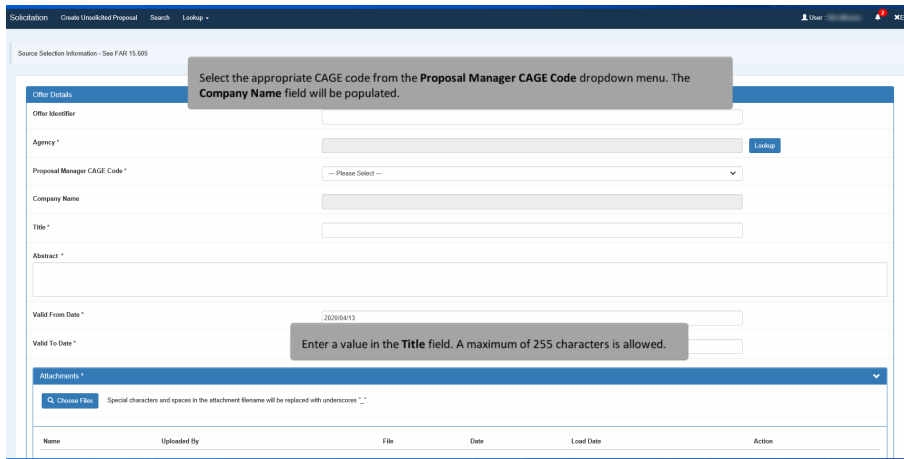

Lookup the Agency to which the proposal is to be directed by selecting one of the Search options. The user may search for an Agency by name or location code.

Scene 6

Select the desired Agency from the search results. A Level 2 or Level 3 Group may be selected.

Scene 7

Select the appropriate CAGE code from the Proposal Manager CAGE Code dropdown menu. The Company Name field will be populated. Enter a value in the Title field. A maximum of 255 characters is allowed.

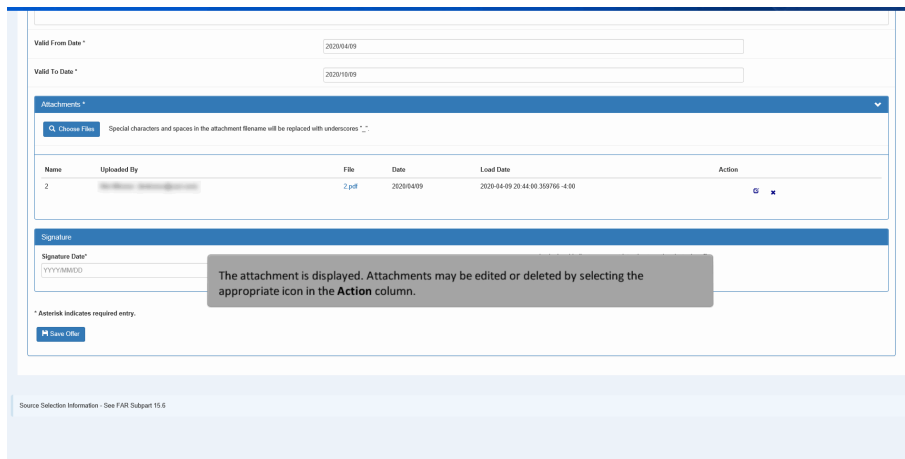

Scene 8

Enter a value in the Abstract field. A maximum of 2000 characters is allowed. To set the timeframe for which the proposal is valid, enter values in the Valid From Date and Valid To Date fields.

Scene 9

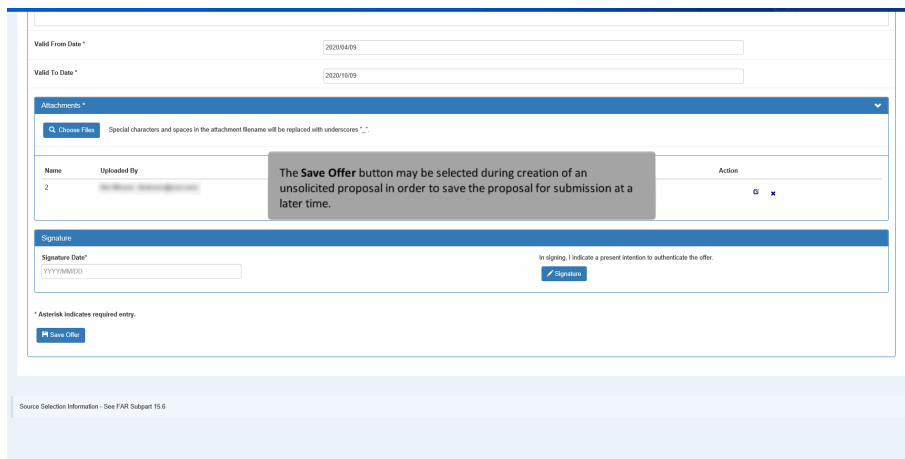

To add an attachment(s), select the Choose Files button to open the local file directory and select the desired file to attach. A maximum file size of 1.95 GB is allowed.

Scene 10

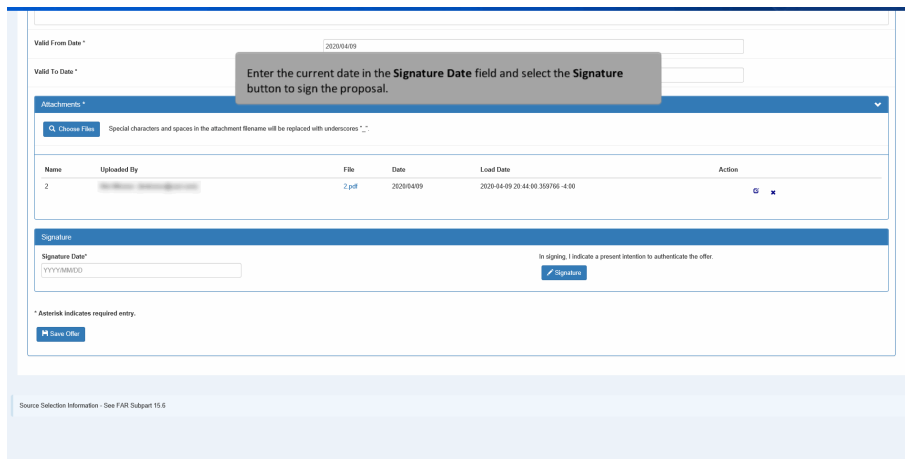

The attachment is displayed. Attachments may be edited or deleted by selecting the appropriate icon in the Action column.

Scene 11

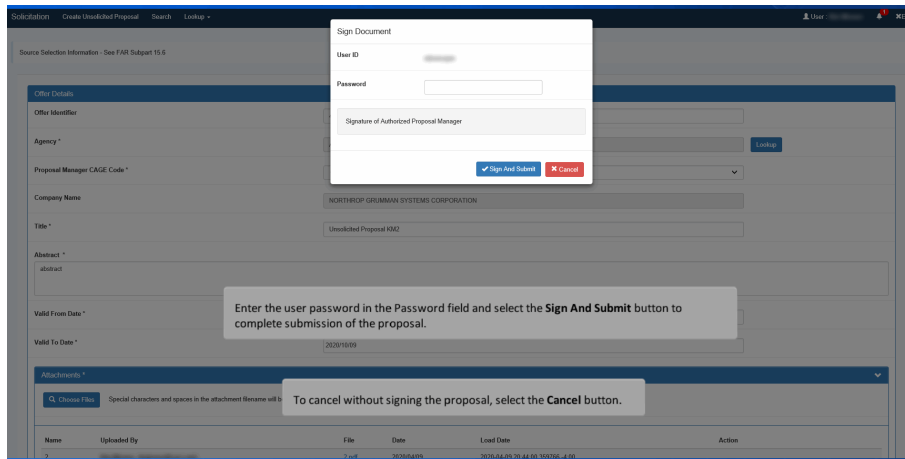

The Save Offer button may be selected during creation of an unsolicited proposal in order to save the proposal for submission at a later time.

Scene 12

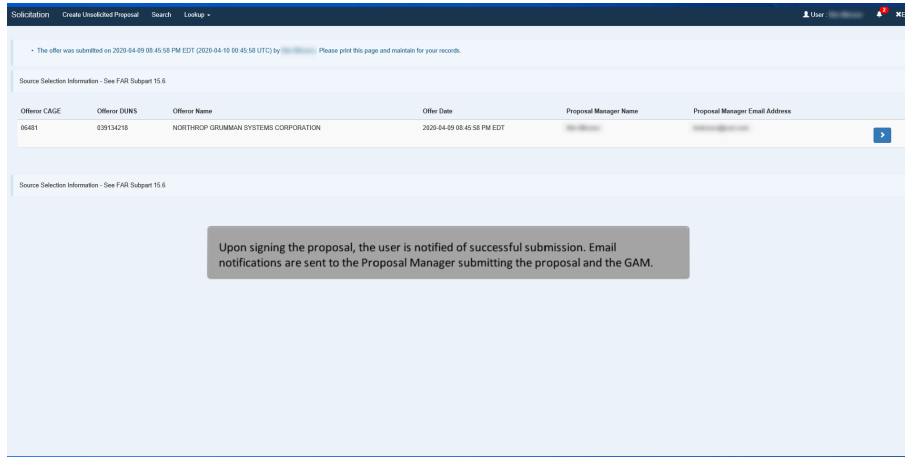

Enter the current date in the Signature Date field and select the Signatures button to sign the proposal.

Scene 13

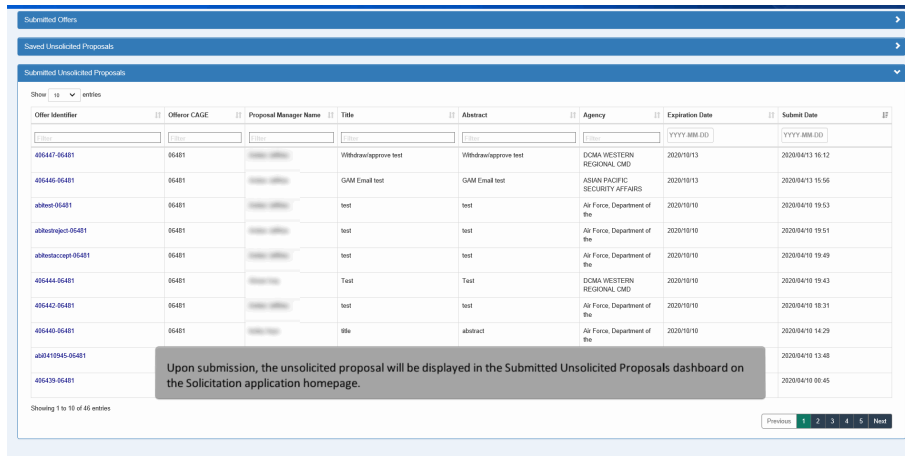

Enter the user password in the Password field and select the Sign And Submit button to complete submission of the proposal. To cancel without signing the proposal, select the Cancel button.

Scene 14

Upon signing the proposal, the user is notified of successful submission. Email notifications are sent to the Proposal Manager submitting the proposal and the GAM.

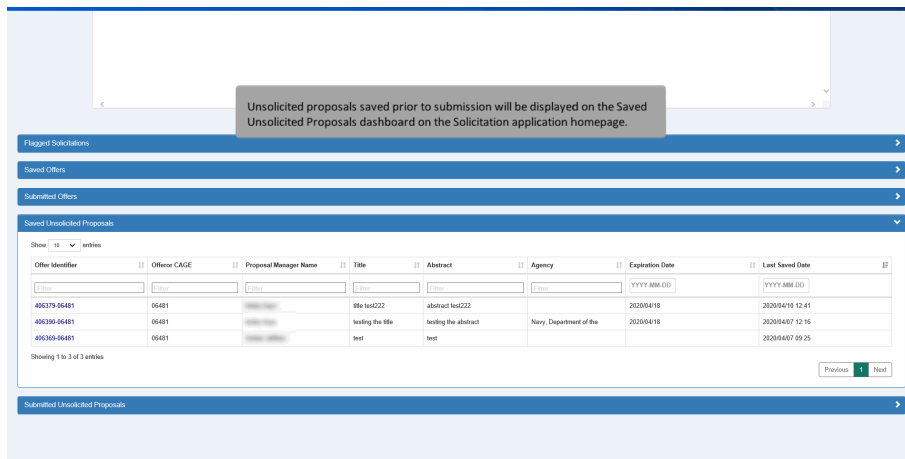

Scene 15

Upon submission, the unsolicited proposal will be displayed in the Submitted Unsolicited Proposals dashboard on the Solicitation application homepage.

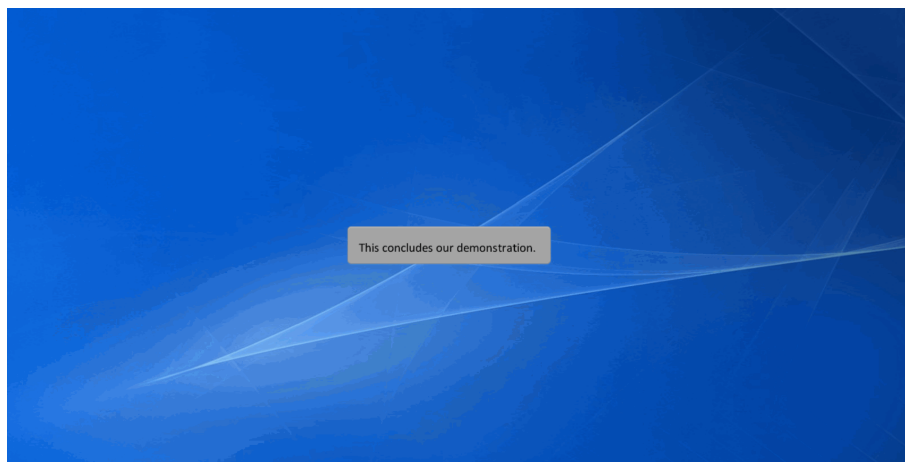

Scene 16

Unsolicited proposals saved prior to submission will be displayed on the Saved Unsolicited Proposals dashboard on the Solicitation application homepage.

End

This concludes our demonstration.
